

Name _____

Date _____

Yesenia is 60 inches tall. Javier is 45 inches tall. How much taller is Yesenia than Javier?

Monique set up her paper this way:

$$\begin{array}{r} 60 \text{ inches} \\ - \underline{45 \text{ inches}} \\ 25 \text{ inches} \end{array}$$

Yesenia is 25 inches taller than Javier.

Is Monique correct? _____

What would you say to Monique?

1. What is your claim?

2. What is your evidence?

3. What is your warrant?
