

Name: _____

Date: _____

Yesenia is 60 inches tall. Javier is 45 inches tall. How much taller is Yesenia than Javier?

Monique set up her paper this way:

$$\begin{array}{r} 60 \text{ inches} \\ - 45 \text{ inches} \\ \hline 25 \text{ inches} \end{array}$$

Yesenia is 25 inches taller than Javier.

Is Monique correct?
