### Honors Geometry – Special Right Triangles Warm-Up

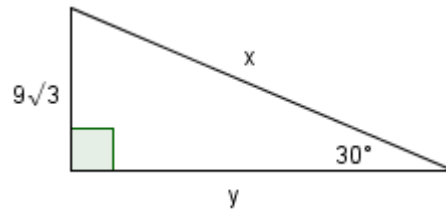

Directions: Using what you know about special right triangles, find the missing variables.

1.

$x =$  \_\_\_\_\_       $y =$  \_\_\_\_\_

2.

$x =$  \_\_\_\_\_       $y =$  \_\_\_\_\_

3. Now, consider the value you found for  $x$  in #1. How do you know your value is correct?
